I can hear Patriots downstairs outside my hotel room talking about bashing commies. Trump flags being hung in windows.

homie first of all, big donald understands that if he calls on his supporters to fly across da country in dc, during a pandemic when most ppl are strapped for cash, and ends up pulling a fast one on everyone to just announce his campaign for 2024, his support will crash. for real this time unlike whenever da media says it crashes. u dont do shit like that unless ur literally stupid or a scammer.

second, big donald has high iq brah and that nigga knows if they cheated him out of a landslide victory in 2020, then theyll for sure cheat him out of a victory in 2024. use ur fucking head. if they managed to conspire a huge fraud operation WHILE HES STILL FUCKING PREZ, how easy do u think itll be for them to fraud him out of a win in 2024 when they already control da presidency lmao?

so nah. no chance big donald is announcing that he's conceding and announcing his campaign for prez in 2024. literally no chance brah it makes ZERO logical sense and one of da biggest political fuck ups in political history.

idk what tf he has planned for tomorrow and da next 2 weeks, but i promise you a 2024 campaign announcement aint happening.

The people related to human trafficking, pedophilia, wars and banks (like Rothschild) are all the same people.

This is why they didn't care how blantant the cheating was, they want Trump out of the picture for more Clinton vs Bush sportsball bullshit.

Everything I've mention targets the same people.

According to one of Trump's best friends (who is now dead) JFK Jr, "Joe Biden, you sir are a traitor".

JFK and Trump were after the same people and had roughly the same mission.

And Trump is going to put an end to their plans.

So, I'm over here in Hollywood. A filmmaker/director but currently working as a writer. I've been thinking hard for years probably about what you guys are talking about.

Everything and everyone I run into here is so left wing, there's no way an obviously MAGA story will ever get traction. If you even suggest America ever did something right, you're dead in the water.

Yes, we do need to break out on our own, but the problem as I see it is that you can't just dump all your agenda into one project...it comes off as a political piece, not general entertainment.

The way commie Hollywood got influence was by pretending that they were just making cool stories, but the agenda was subtly and incessantly slipped in for decades. They're at a point now though where they can just dump agenda wholesale...but people are catching and rejecting it thankfully.

Imo, it's not going to be quick or easy, but what we need to do is reverse-commie them. Make cool, engaging, exciting projects, whatever they are, but slip in the points of view that we need to have.

Make the cop the hero. Have the literal cavalry come to the rescue. Use characters that speak of faith even if others don't believe them.

It needs to be subtle, but pervasive so that by the end of the story the audience won't know why, but they'll be seeing things through your eyes.

Do whatever you can to get content out there.

The only things Hollywood loves more than money is denigrating Christ and shitting on the United States of America.

That's why they wouldn't touch "The Passion of the Christ" despite it being such an obvious potential moneymaker.

Remember you can't cross into the secret service restricted aera with ANYTHING. no bags no flag poles no knives no nothing. Do not attempt to go in if you have anything the secret service doesn't like.

Sorry President Trump there is nothing more i would love than to see this love but I can't.

For the people who don't know why Trump is doing this now I will help you.

The joint session is live for the entire world to see.

The media can't spin this because it's brand new shit on the spot.

Millions of armed citizens and the National Guard approved by Miller that takes orders from Trump is also there. (Look at Trump's tweet regarding antifa a few minutes ago)

Good luck certifying a traitor under these conditions, all you commie children sniffing scum will have your day.

We got in last night to DC. Patriotic energy here is HIGH!! Need Patriotic Pedes at home to turn up the heat big time with phone calls and emails to SENATORS! An investigative commission is okay but non-acceptance of certified electors is BETTER! We need it to be a stalemate between House (know they will accept electors) and the Senate so the 12th Amendment will be put into play. 1 electoral vote for each state, and we have the majority!!! Making a statement is not what we want, we want real world, where the rubber hits the ground results!!!!
